

Options to Obtain Flu Shot

There are several methods available to you for obtaining a flu shot this season:

Voucher - FORVIS employees, partners and their spouses, dependents, and others living in their immediate household may obtain a vaccination voucher.

Enrollment in FORVIS medical coverage is **NOT** required.

- Regardless of whether you have medical coverage thru FORVIS or not, you and your spouse, any dependent children and/or others living in your immediate household may obtain the flu vaccine using a voucher. Print your multi-vendor voucher for use at **Walgreens, Rite Aid, Walmart or CVS** by selecting 'Flu Shot Voucher' from the Wellness/Flu Shot drop down here on BRC. Contact the pharmacy directly to obtain details regarding vaccine availability, possible age limit considerations, appointment scheduling etc.
- Vouchers are good through 3/31/2024.

Physician - All FORVIS employees, partners and their spouses and dependents who are enrolled in FORVIS medical coverage are eligible.

- If you have medical coverage thru FORVIS, you and your dependent spouse and/or dependent children may visit an **in-network** physician to receive the vaccine. If administered as part of a preventive/wellness visit, the claim will be paid at 100%. Remember to take your HealthGram ID card.

Immunizing Pharmacy - All FORVIS employees, partners and their spouses and dependents who are enrolled in FORVIS medical coverage are eligible.

- If you have medical coverage thru FORVIS, you and your dependent spouse and/or dependent children may visit an **in-network** immunizing pharmacy to receive the vaccine. Please contact the pharmacy directly to obtain details regarding vaccine availability, possible age limit considerations, scheduling appointments, etc. Remember to take your HealthGram ID card.

On-Site Clinic – FORVIS locations hosting an on-site flu shot clinic this fall are communicating details to their staff.
